

776 Summer Street Community Job Fair

October 18, 2023

3:00-6:30 p.m.

Curley Community Center

1663 Columbia Road

Boston, MA 02127

Discover exciting career opportunities at our job fair for the redevelopment of the historic former Boston Edison Power Plant, located at the intersection of South Boston and the Seaport District. This 15.2-acre site boasts architecturally significant structures, integral to our visionary 1.68 million square foot mixed-use development.

Explore roles in construction, architecture, project management, sustainability, and more. At the event, you'll have the chance to speak with members of our project team and local industry experts who will discuss the different building trades careers, union apprenticeships, and pre-apprenticeship programs in the area.

Be part of history in the making and help shape the future of this iconic cityscape.

THE 776 TEAM IS COMMITTED TO THE COMMUNITIES IN WHICH WE BUILD.
